Mr. Ralph Albanir, Superintendent  
Middlesex County Department of Parks and Recreation  
P.O. Box 661  
New Brunswick, NJ 08903

Dear Mr. Albanir:

As you know, the United States Environmental Protection Agency (EPA) is investigating the release of hazardous substances from the Cornell-Dubilier Electronics Superfund Site (Site). Past sampling indicates that sediment of the Bound Brook and soil on adjacent stream banks contain elevated levels of polychlorinated biphenyls. At this time, EPA is expanding its investigation to include areas adjacent to the Bound Brook which may also be impacted by the release of contaminants from the Site.

EPA plans to collect soil samples from areas adjacent to the Bound Brook in Spring Lake County Park during the week of June 21, 1999. The continued cooperation of the Middlesex County Department of Parks and Recreation in this matter is appreciated. If you have any questions regarding this investigation, please call me at (732) 906-6991.

Sincerely yours,
